

First Nations Opportunities for CIMS Information

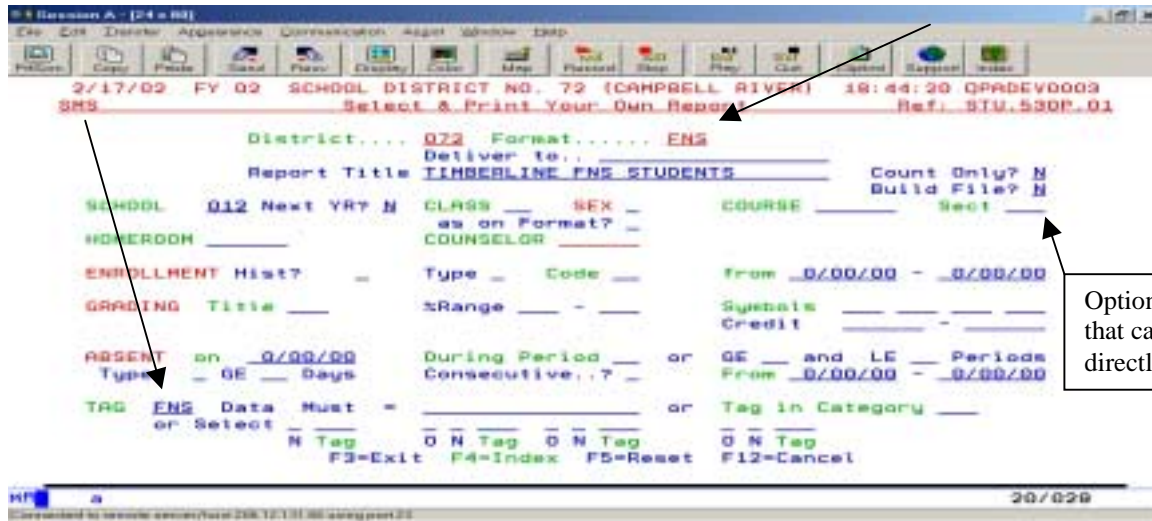

1. Student Lists (STU.530, STU.998G) and Schedules (STU.570)
2. Student attendance Profiles (ATT.515)
3. Student Report Cards and Grades Information (GRD.511, GRD.591, GRD.558)
4. Student Grade and absences Statistics (GRD.894, ATT.894) and comparisons to non FNS
5. Discipline Statistics (DSP.512)

Everything report wise for First Nations is dependent on the office ensuring that:

- a) they have marked a 33 or 29 program code in the 1701 indicate Aboriginal Support, and,
- b) they have used BCP.220 to update your FNS Tag to identify First Nations Students

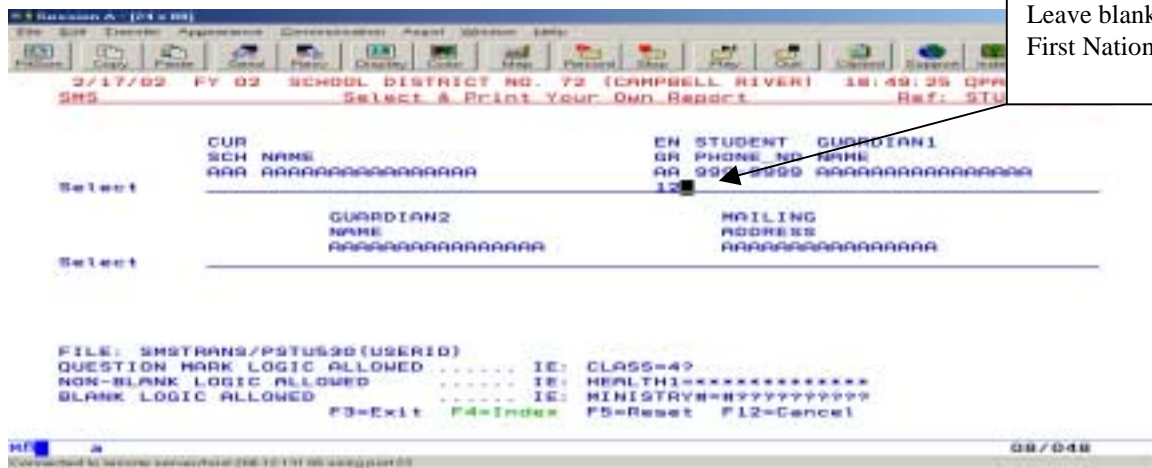

All reporting for First Nations is dependent on specifying the First Nations Tag.

Simple Reporting and Downloading - STU.530

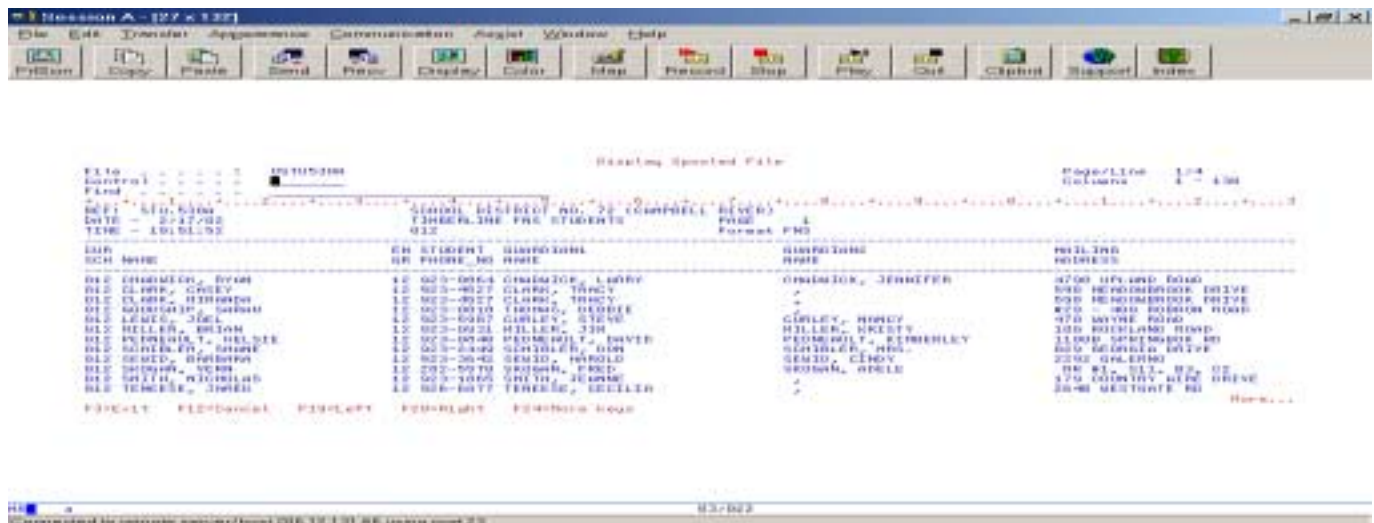

Option to build File that can export directly to Excel

You can select a certain grade level. You may add other fields of information to format.

Leave blank to include all First Nations Students

Format of columns can be adjusted. You can change the format FNS in order to include other fields as necessary. Information can be requested to be downloaded to a file or report.

Student Schedules - STU.570 (or SCH.581)

This will produce a single sheet per student identifying pertinent guardian and emergency information as well as the student schedule.

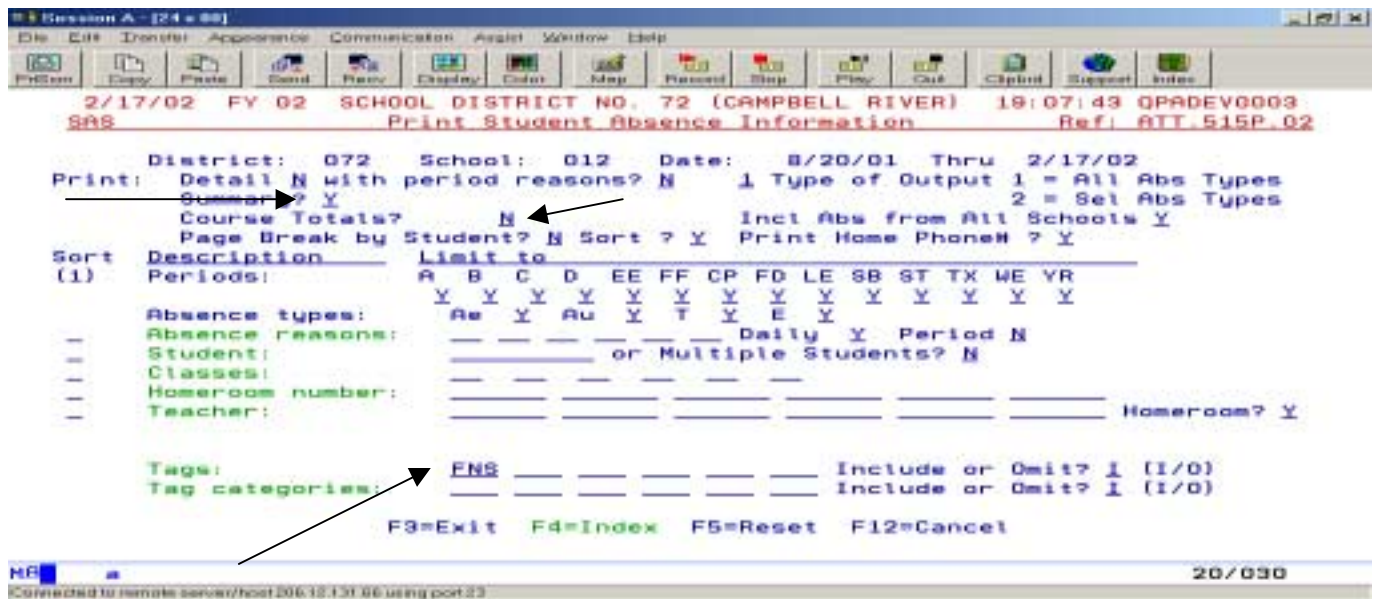

The report sample below does not do the profile any justice. The profile is single sheet per student and very effective for binders and information.

Attendance Profiles (ATT.515) or listings

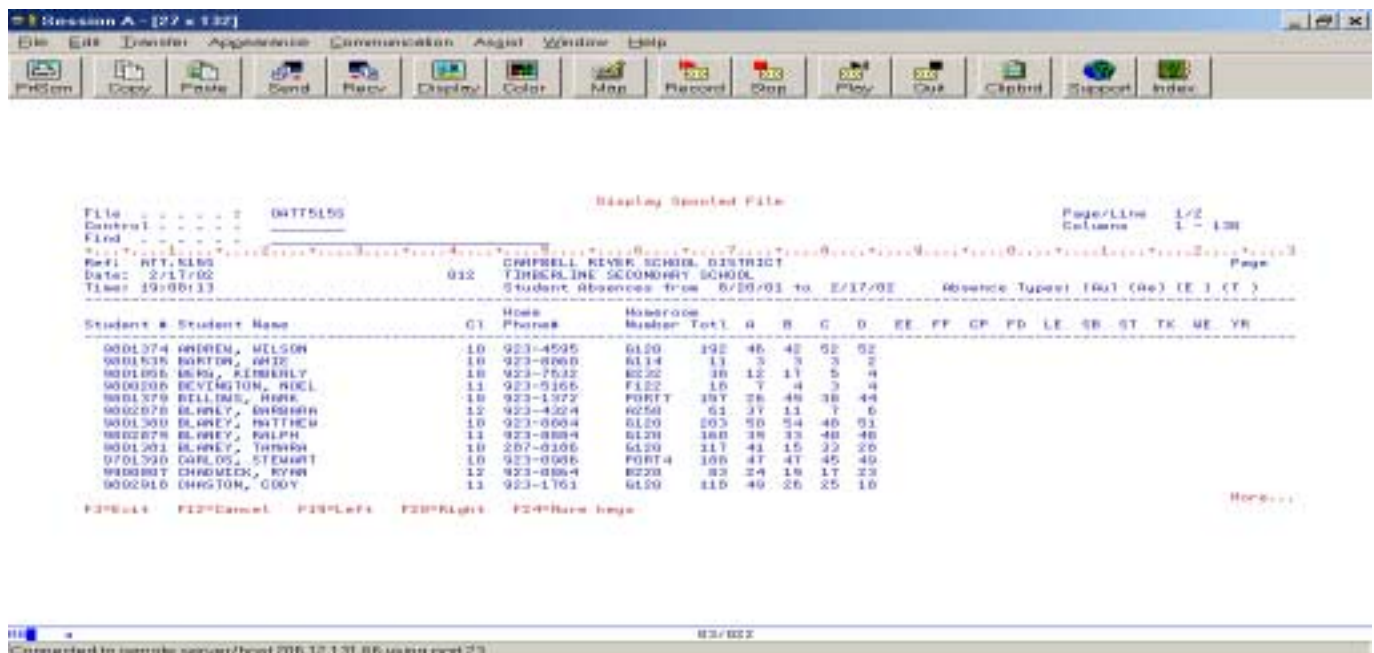

Select any date range in the current year. You can run absences in detail and page break per student, or in summary to provide a single line per student.

Provided below is summary Yes.

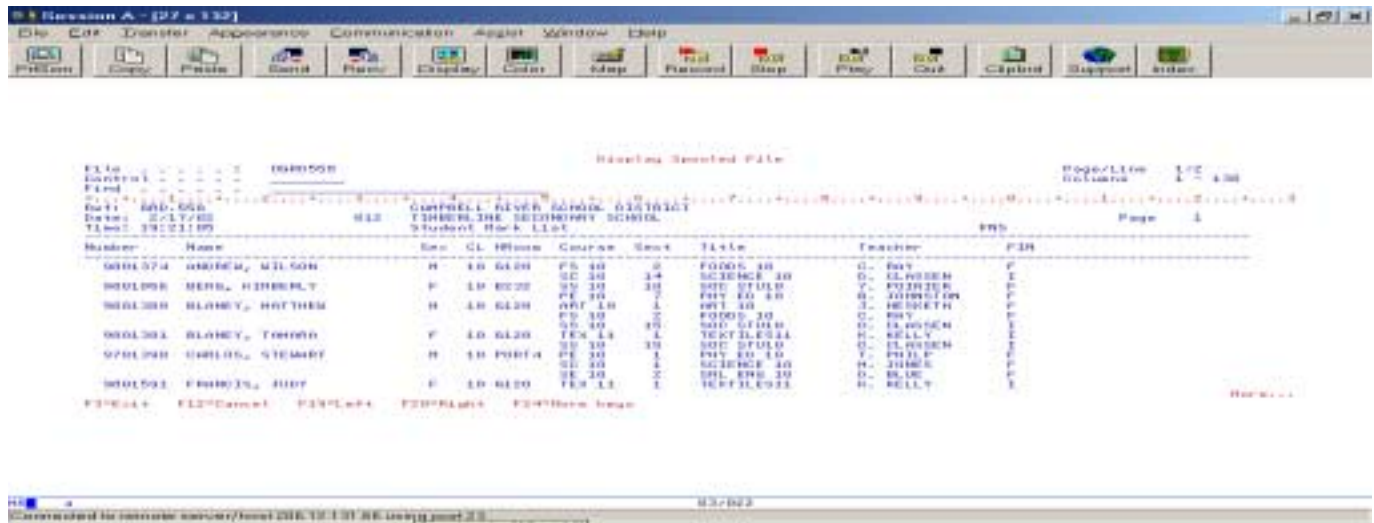

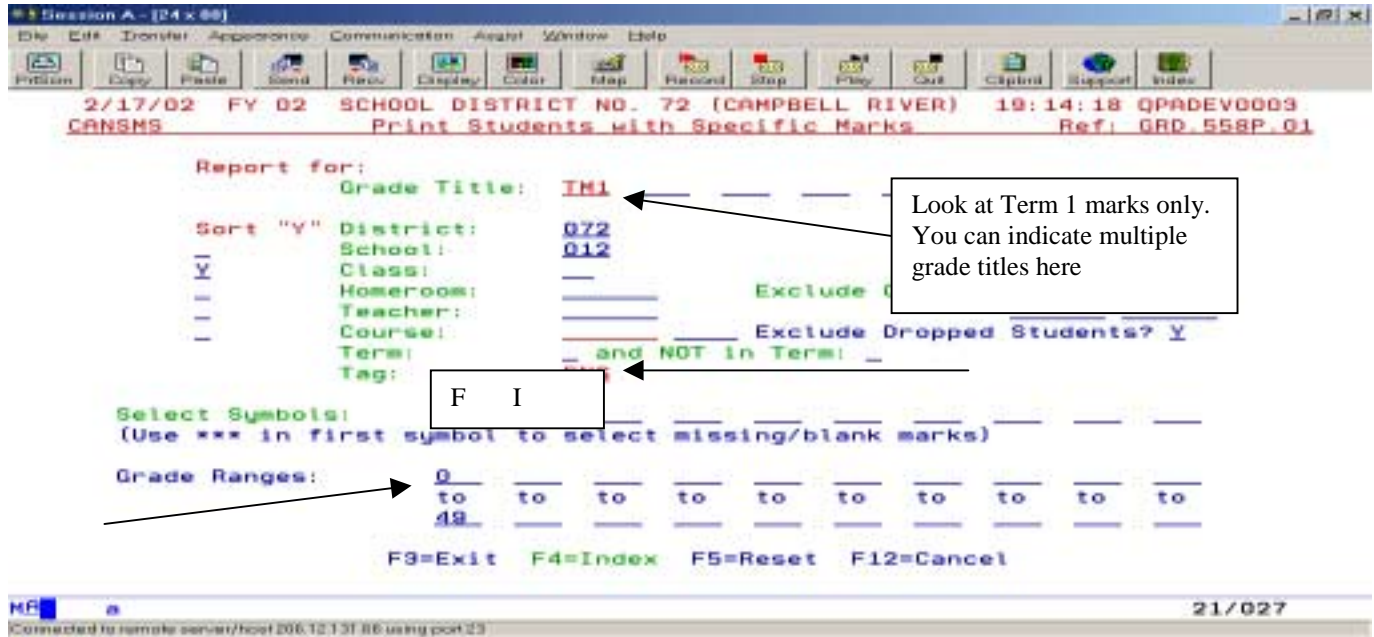

In order to produce a profile per student:

- Detail = 'Y'
- Course Totals = 'Y'
- Page Break by student = 'Y'

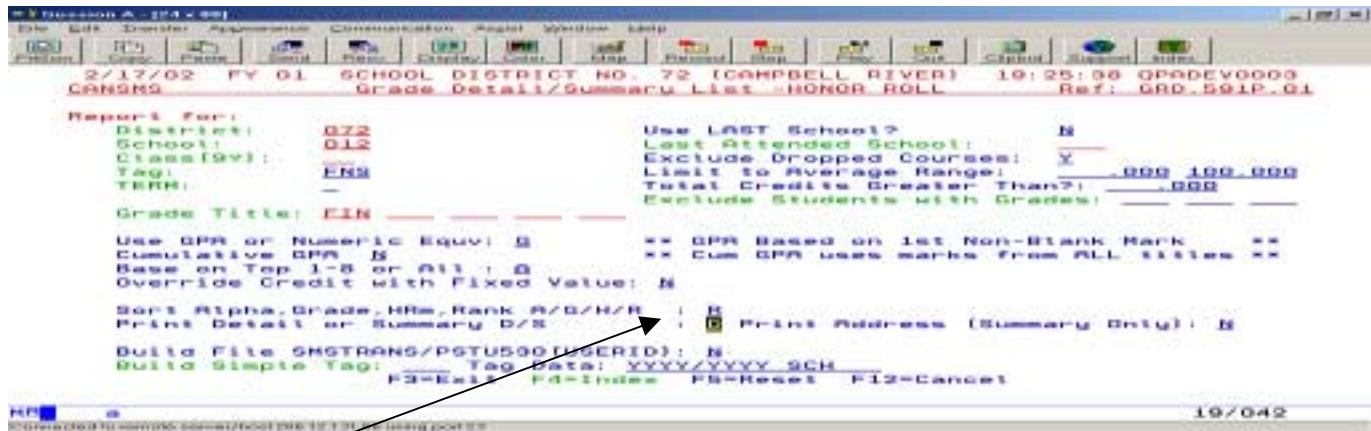

Grade Details and Reporting (GRD.511, GRD.591, GRD.558)

- GRD.511 - is the student report Cards. You can Print First Nations Tag separately.
- GRD.591 is an honor roll report. You can request honor roll for First Nations separately
- GRD.558 is a report allowing you to select First Nations Students with specific marks or ranges per grade title (eg: look for failing marks in the first term report card for FNS students only)

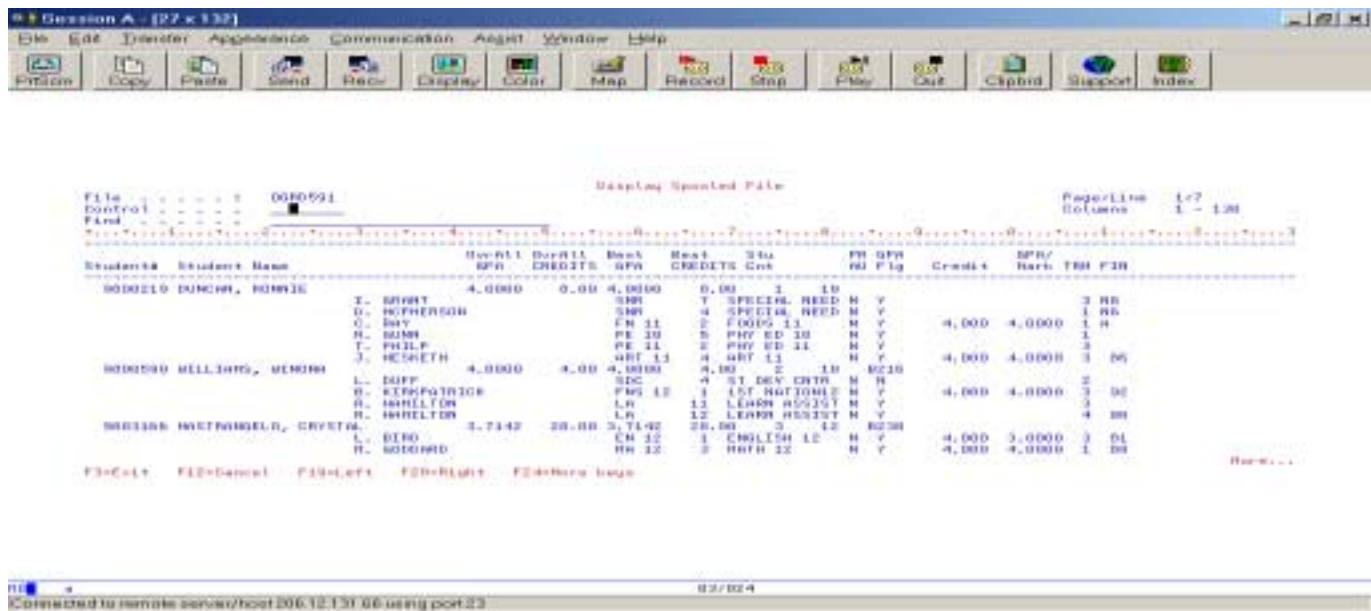

You need to understand the grading buckets that the office chooses to use to house marks. Eg: they may use TM1, TM2 for term progress and FIN for final. Use F4 to list variables. Consult the office on whether grades are held in alpha (A,B,C,D) format or in numerics. Be careful to NOT assume a null report means no failures. Make sure you have the proper information selection.

The Honor Roll Report allows you to see multiple students per page (details of final grades plus GPA) or a single line per student simply indicating GPA.

In this sample above, we've selected to see detail. If summary was selected, you would see only one line per student.

You can choose to build file which is easily downloadable to Excel for merging with certificates etc.

You must be careful for ranking, ie: you see by the above example that your overall Rank winners only have 2 courses

Yearend Statistical Figures (GRD.894, ATT.894)

Once the year is complete, these two reporting items will let you see grading and attendance in a compressed format. You can also make comparisons to male vs. female or FNS vs. non FNS students etc.

This report will also identify overall average, attendance, and drop information per subject area.

	Ex	Meet	Fails	N/A	Other	#Stu	Drops	Avg
