SAS	ATT.210		Attendance Calendar Remove default of calendar code "1" on date add	SEVEN	2009/04/06
SAS	ATT.212		Calendar Notes and Codes Allow types to be open to WEB Teacher Connect and/ or Parent Connect and/or Admin Connect		2009/08/05
SAS	ATT.431		Maintain and Print Detailed Absence MESSAGE: Indicate student's homeroom and homeroom teacher on the screen next to student name		2009/03/24
			Added function key to fees (lookup only); highlights IF student has outstanding fees	VERNO	2009/05/06
SAS	ATT.581A		Course Attendance Letters If auto updating a tag or a discipline incident then you must specify a student# or multiple students		2009/03/24
SAS	ATT.596		Absences by Student(s)/Date Range with Reason If first two periods are AM and PM then do not print other periods for column headings	RIVER	2009/06/02
SAS	ATT.620		Group Absence Maintenance PUT IN NOTES: Attendance does not build for dates in date range where the date has no OFFICIAL SCHOOL DAY NUMBER defined in ATT.210; can't just base on no school day code as not all elementary schools use school day codes		2009/05/06
SAS	STU.805		Preset Starting Enrollment History Indicate student's current class on report so you can tell if you missed building for a class without having to go lookup the student		2009/07/24
SCH	SCH.101		Scheduling Options Change default on TERMS, PERIODS and GRADING to Y for change as users struggle to figure out how to get the information they are looking for and it is better to show them everything instead of just the scheduling selections		2009/04/17
			Allow up to 9 terms to be defined (file had fields we just didn't show more than 6) Checked/corrected programs I found that allowed range 0-6 or defaulted end to 6 to allow to 9	RIVER	2009/05/13
SCH	SCH.310		Courses Added switch #15 to block users from updating course long/short title, BC subject and BCeSIS course code fields	VERNO	2009/05/20
SCH	SCH.320		Master Schedule Disallow a section to be deleted if there are students with course requests for that section (scheduled or dropped). Removal of sections even if all students have been dropped affects SADE.	VERNO	2009/04/08
		BC	TRAX: Adjusted for availability of 9 terms to be defined		2009/05/25
		MB	MANITOBA: Added delivery mode field for mark transmission to the ministry (new requirement). All courses will default with 01 = Classroom but		2009/07/24

PROD ITEM		NEW PROV CUSTOM DESCRIPTION	REQ BY	COMPLETED
		will need to be updated if course delivery is different.		
		Fill all TCRDEL with 01 (current and last year in case they haven't copied forward yet)		
		Added index of scheduled sections by grade level, course and section	DELTA	2009/07/24
SCH	SCH.410	Course Requests		
		MESSAGE: Indicate student's homeroom and homeroom teacher on the screen next to student name		2009/03/24
		Changed message that appears at bottom when you hit F22 DRP that indicates all courses have been dropped and to hit F12 to cancel.		2009/05/05
		We looked at disallowing F22 somehow for certain users or through certain options but the logistics are insane		
	BC	Changed graduation requirement calculation to use ALT MIN ID and LEVEL instead of "standard" IF specified	DELTA	2009/05/06
	BC	Moved ELECTIVES section up and show more like required subject areas; moved REQUIRED totals section down with TOTAL	DELTA	2009/05/06
		Added window to report card formats		2009/05/06
		Default current report card format based on active teacher connect format defined in GRD.21E		2009/05/06
	MB	GRAD REQUIREMENTS: Adjusted to put current credits as earned IF course has a passing final mark		2009/05/19
	MB	GRAD REQUIREMENTS: Added option to print course profile of what courses/marks make up grad reqs credit information		2009/05/19
		Added index of students by ministry# (PEN/MET) for assistance with BC SADE verification	VERNO	2009/06/04
		Added F21 function key to access registration screen	VERNO	2009/07/31
SCH	SCH.510	Print Course Requests Tally		
		Corrected build file as "E" and "C" headings were going into wrong columns	CAMPB	2009/03/20
		Exclude linked courses from filling preferred term counts		2009/05/19
SCH	SCH.523	Course Request Inquiry		
		Added option to include/exclude alternate requests		2009/06/22
		If you ask for INCLUDE ONLY SCHEDULED REQUESTS and an alternate is scheduled then it is included regardless of the INCLUDE ALTERNATES selection		
		Added total number of students to bottom of report		2009/06/22
		Omit student# same as name on lines after first one when full schedule is printed		2009/07/29
SCH	SCH.527	Missing Course Request Report		
		Indicate current school ID in last characters of student name as report will show any students who had course requests at your school during the school year missing the course(s) specified even	DELTA	2009/06/29

PROD ITEM		NEW PROV CUSTOM DESCRIPTION	REQ BY	COMPLETED
		if student is no longer attending your school		
SCH	SCH.553 MB	Master Schedule Ministry Defns Report Added delivery mode		2009/07/24
SCH	SCH.574	Master Schedule Room Availability Report Added selection for room		2009/05/04
SCH	SCH.581	Print Student Schedules (List Format) Added PRINT TEACHER NAMES/ROOMS R option instead	SHUSW	2009/07/02
SCH	SCH.590	Print Course Request Worksheets/Verification Added option to print standard message code on report. Uses first 4 lines and 70 characters of message codes.	DELTA	2009/05/07
		If course is a link course then add up credits for all courses included in link as credit value of course instead of printing credit value of link itself	RIVER	2009/05/26
SCH	SCH.599	Completed Courses by Student Report Added DLD ACTIVE ON/BEFORE selection, option to include incomplete courses and to sort the report by student or course/section. If you leave DLD ACTIVE date blank includes students with no DLD tag (non-DL schools); incomplete is on top of completed in date range	VERNO	2009/05/15
SCH	SCH.617	Copy Previous Year Master to Current Master NCOLL Setup for Northern College to not carry forward CDT sections (180, 280 and 380)	NCOLL	2009/06/29
SCH	SCH.622	Create Master Schedule From Proposed Prompt for amount to add to preferred maximum specified in proposed master to create absolute maximum; defaults standard 5 increase	DELTA	2009/05/06
SCH	SCH.651	Define Standard Mass Change Course Req Combos Disallow "creation" of invalid AND inactive course codes as course requests	RIVER	2009/05/26
SCH	SCH.653 Y	Mass Change Course Req Combos Validation Rept New report to validate course request combination definitions and check courses are still valid and active and if defined with sections that they exist in the master schedule.	RIVER	2009/06/01
SCH	SCH.787	Print Student Schedules (NEW Box Format) Indicate COMPLETED next to courses scheduled at other schools IF course has a completed date	SEVEN	2009/03/24
SCH	SCH802C	Remove messaging to teachers for student course request adds	RIVER	2009/03/04
SGH	SGH.410	Student Assessment Maintenance Change default of ALL SCHOOLS for index of students by name to N		2009/05/04
