

Year 2012 - Web Enhancements SchoolBooks Connect (November 10 – January 9, 2012)

Features Enhanced - SchoolBooks

- No new features since November 10, 2011

Corrections:

- January 9: With some browsers the journal entry <Print> option would produce a blank page for some journal entries ... resolved.
- January 9: On the <Reports> tab, the journal entry month pulldown duplicated months – now doesn't.
